MONTHLY NEWS CALENDAR

JUNE 2020

Happy Mothers Day at CountrySide Lakes!

Follow us for updates – CountrySideLakes.com    CSL32127

From the Director's Desk

It seems like every month is moving faster and faster. Amidst all the regulations, recommendations and suggestions, we all seem to have made it through another month of COVID-19. As the Director of CountrySide Lakes I want to thank all of you for your understanding during this pandemic. It's still new territory for all of us. It takes all of us to keep this out of our community. Its not only what we do while we are here, but it's how we follow the rules and precautions while we are outside of CountrySide as well. We have managed to stay COVID FREE so far. I thank everyone for that. Please remember the little things you have done to comply or keep your part of the world a little cleaner and more sanitized than 3 months ago.

This month we gave our staff the COVID-19 antibodies test and the results came back 100% double negative results. Great job by all the staff.

I want to thank them for staying safe and keep up the great job.

On Saturday, the 23rd of May, the Health Department came in and tested the staff and a number of our residents. We have our fingers crossed and are awaiting the outcome. We have not relaxed any of our protocols or procedures. We are expecting great news with the results.

Don't forget to keep yourself safe. That will, in turn, keep those around you safe. We have all worked too hard to let our guard down now. Everyone has

come so far – think about the frequency with which you wash or sanitize your hands. Great strides have been made. Check on your friends, family, and neighbors. A simple phone call to see how someone is doing can make a huge difference. The social distancing and self-isolation can get really lonely. Be a difference maker. We will get through this together.

Charlie

Sharing the Love Through Creative Social Distancing

COMPASSION, LOVE, AND HONOR

Kindness can transform someone's dark moment into a blaze of light! You will never know how much your caring matters. It's not how much you do, but how much love you put into doing it! Thank you CountrySide Lakes team members for always being the blaze of light. Keep up the hard work, you are appreciated beyond measure.

RESIDENT SPOTLIGHT

Betty & Bob Snover

Betty and Bob Snover moved to CSL just over two years ago. We are spotlighting their lives to share the love and inspiration that this family has displayed as part of the CountrySide Lakes family. Their beautiful children tell of a love story that is truly about Prince Charming and his Princess. They talk so dreamily of fun family vacations and adventure. Bob was a hard working city boy who was determined to be outdoors. Betty, a supermom, was always close by while all the boys played. Bob was a magnificent father who taught his boys everything there was to do in the

outdoors. Fishing was the mainstay of the family and Betty taught them to eat lobster and enjoy the spoils of their adventures. Bob only ever wanted Betty to be happy, their children to experience all life has to offer, and to be all together surrounded in the love they shared for each other. Both set an example of a life filled with love, hope, and determination to face what may come. Bob is in heaven, smiling, proud of the legacy he now gets to watch over as an angel for all of us. We are so grateful to be part of another amazing family.
