## From the Director's Desk

Can you believe 2021 is at the halfway mark? I know time flies when you are having fun, but I think we might need to slow down just a minute!

We are still getting updates from ACHA and CDC and will continue to make adjustments with your best interest and safety as our top priority.

We celebrated moms last month and this month it is dad's turn. We hope that all of our fathers know

how important they are to each of us. We want them to have a day of fun and relaxation. Stay tuned for what Stephanie has in store for your big day.

We have many new faces and some returning team members. Please be sure to make them feel welcome and at home. We know that our team and residents pride ourselves on our family atmosphere.

I hope to take vacation this summer and head to Maine

for some much needed lobster! If you could vacation anywhere in the world, where would you go?

*Michaelene*

## Happy Fathers Day

*Family isn't always blood. It's the people in your life who want you in theirs: the ones who accept you for who you are. The ones who would do anything to see you smile & who love you no matter what! Thankful for our CountrySide Lakes family!*

## Bella's Corner

After the passing of our golden retriever, Rylie, Chad said no more dogs for awhile. At that time, Bella had already been at CountrySide and stayed with us on the weekends. It was so great to have her around, but Chad felt he was replacing Rylie too soon! One thing led to another and Bella was not happy staying at Countryside overnight. We could not stand to see her unhappy, so we said we would keep her. There the bond formed... Chad & Bella ride to work and spend the workday together. At home she is our sweet family dog. Chad now knows Bella could never replace Rylie, but completely filled the void in our hearts we all were missing. Bella loves Chad so much and missed going with him during COVID... Ha, interestingly enough - he is the only one she will not give a kiss to!

## Summer fun for our furry friends!

- ❖ Take walks early in the morning and later in the afternoon. The heat in Florida can become extreme very quickly.
- ❖ If you have to take them out in the middle of the day be sure to keep their paws on the grass!
- ❖ Never leave pets in cars even with the windows down they can become over heated!
- ❖ Ice cubes make a nice treat. Freeze some organic coconut oil and your beloved pet will have the perfect pawcicle!

# Congratulations to our CUDA graduates!

These amazing young adults are leaping into the world and celebrating their high school graduation.

Andrew is going to be a veterinarian technician, his love of animals and wanting to help is going to take him far in his career path.

Cindy will attend Daytona State and work on her degree in videography and video production!

Brandon is joining the US Army and hopes to be a chef one day and maybe cook for a president.

Abby is on her way to greatness with a full ride scholarship at Stetson University. She will major in biology and wants to be a medical examiner.

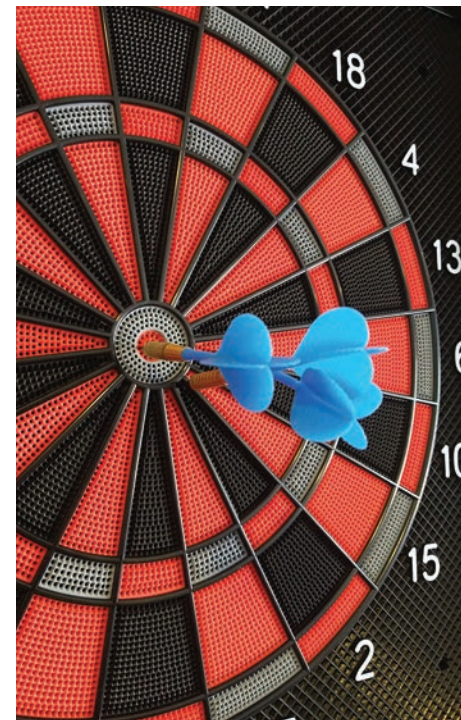

Lunch Bunch is back in action. Be sure to stop by Happy Hour on Fridays and sign up. We never know what adventures we might find as one group found a corvette car show at their lunch spot and another found a 35 lb grouper!

Always looking to try something new, Stephanie has added Darts, Axe Throwing, and Water Aerobics into the schedule. Be sure to stop by any activity and see how much fun you might have!

Physical Therapy can help heal those aching heels! Just ask Polly how great her feet felt after a time out with the Aquaroll!

Congratulations to Penny Rowland for winning the Kentucky Derby Hat contest. The derby was great fun even though the winner was disqualified after all bets were paid!

# Happy Father's Day!

Charlie is a great father and has a beautiful blended family. The foundation of his family is simple – LOVE!!!

Dale, our Kitchen Manager, is a loving father of two adorable boys who are full of spice, life, and everything nice.

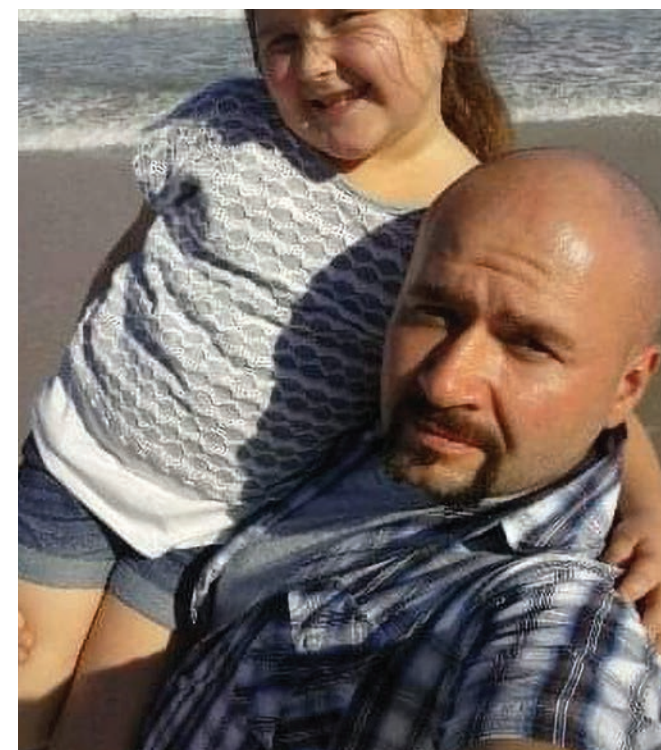

Andrzej Leszczynski has two beautiful daughters and if you ever want to see his soft side, ask him about them!

When you ask Ellaina about her dad, this is her love for him.

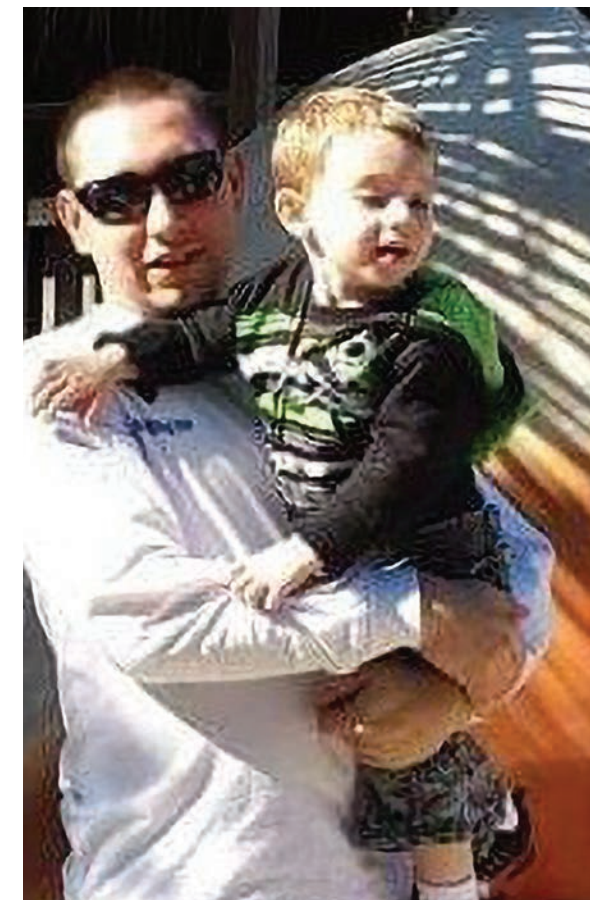

“Dad works hard every day to make sure me and my sister are happy and healthy. While doing this, he still finds time to take me and my sister places and just be there for us. He raised me by himself and I am so grateful for everything he does for us.”

His oldest daughter, Jessie, speaks the same volume of love.

“One of the most caring hard working people I know is my father. He will forever be number one in my life. It’s amazing to have a father that is always there for you & always has a helping hand. I will forever be grateful to have such an amazing bond with you. Thank you for all that you do, not only for our family but for anyone that’s a part of your life. I love you dad.”

Andrew Sweeney has a beautiful little boy who will be coming to visit this summer. It is harder when you are separated by distance, but always knowing you’re together in love.

When you think of Dad, you think of pride. Nothing could be more fitting than the pride you see in Peter's face as he stands next to his college graduating grandson!

Anyone can be a father – it takes someone special to be a dad, to be there through thick and thin, good and bad, and always want the very best for their children. My dad will always be my #1. Even in heaven, he is still my most favorite person in the world.

Love, Stephanie

**HAPPY FATHERS DAY TO ALL THE DADS WHO LOVE US WITHOUT END!**

Chad is such a great father to Harper. He is stern, yet playful. He never misses a performance that she has. Although he is often at work, he always calls us to see how her day has been going and how she has done at practice. He loves Harper and truly enjoys his time, whether trying to teach her to play the fish game, playing "pretend"...which is often, getting his hair styled or a little nail polish if she asks. Although he may say Harper is on the go and wears him out, he would not change a second of the love he has for her and she could not ask for a better Daddy to hold her hand to walk through life with.

Love, Angela

We welcomed Christian to our team this past month and he is another amazing dad for his two children.

Grandfathers are just as important as fathers, especially to beautiful little girls!

## Sheri Marcum

We are thrilled to formally introduce our Administrative Manager! Sheri was born in San Angelo, Texas. Her father served in the Air Force, so she was fortunate enough to grow up all over the U.S. and even spent time in Japan! Her favorite class in school was art and she graduated high school in Puerto Rico. Sheri has a paralegal degree from Daytona State College. The best part of her story is that she is married to our very own Dr. James! They met in Puerto Rico and have two adult children, Kendra and Dane. Sheri likes to read, play cards, and create with arts & crafts. We are very glad to have you as part of our team and our CountrySide Lakes family.
